About Me

I am a passionate and detail-oriented Website Designer with strong knowledge of front-end development. I enjoy turning creative ideas into visually appealing, user-friendly, and responsive websites. I build visually appealing and user-friendly websites that deliver smooth digital experiences. I am passionate about continuous learning, staying updated with modern web trends, and contributing to projects that create real value for users and businesses.

Experience

Full stack developer Internship

3 month

Aero Edge media, vadalur

- Enthusiastic Full Stack Developer Intern with a strong understanding of both front-end and back-end development.
- Experience in supporting completed web application development with a focus on clean and maintainable code.
- Quick learner, adaptable to new technologies, and committed to contributing effectively to team projects.

Internship Projects

Sports club website

- Developed a responsive Sports Club website with frontend and backend integration to manage activities, events, facilities, and membership bookings.
- Designed an interactive and user-friendly interface for smooth navigation across devices.

Restaurant website

- Developed a Restaurant Shop website using HTML, CSS, JavaScript, and backend with features like menu display, food ordering, table reservations, billing, and an admin panel.
- Designed a responsive and user-friendly interface to ensure smooth functionality and efficient customer experience.

Academic Projects

E mail alert on whatsapp

- Developed an Email Alert system that forwards important emails to WhatsApp in real time. Automated notifications to improve communication efficiency and reduce the need for frequent inbox checking.
